Dear Parent/Carer

## **International Evening**

Many thanks to everyone who attended our International Evening last night.

It was a wonderful event with a huge range of delicious dishes from around the world. There were a number of parents and children attired in national dress, which brought colour and interest to the occasion. The performances on stage were excellent and varied and there was a very positive atmosphere throughout the night.

Our sincere thanks and appreciation to our Parent Council who organised the event and worked so hard in their preparations and throughout the International Evening itself. The prizes for the raffle were exceptional and the generosity of the contributors and the persuasive abilities of our procurers of raffle prizes are very much appreciated!

An individual thanks to Astrid Azurdia from our Parent Council needs to be made. Astrid has been directing our International Evening since its inception and has worked tirelessly and creatively to ensure that this event reflects the diverse, vibrant community that is our school. Thank you very much Astrid!

Many thanks too to our staff and pupils for the wonderful, colourful and thought provoking displays, to our office staff for all of the admin work and support they gave and to Beatrice and Jim, Our Janitorial Team, who were very obliging and supportive throughout!

Well Done Everyone!

Best Wishes.

Francis Donaghy  
Head Teacher
