

Dear Parent/Guardian,

British Science week, 12th – 16th March 2018.

Hillhead Primary is celebrating **British Science Week** with a range of activities for each stage. The theme for 2018 is "**Exploration and Discovery**".

The purpose of the week is not only to engage children in fun science activities but also to bring our local community together to celebrate their achievements.

We are inviting Parents to a display of Science Learning in the Social Space on **Friday 16th March between 9.30 and 10.00am.**

Parents and carers who attend **The Jigsaw Café** will meet as usual from 9am upstairs in the Media Suite and then will attend the event to join in the celebration. Please note all Parents and Carers are welcome to attend the Jigsaw Café before attending the Science Display.

We hope to see you on the day.

The Science Development Team.

Hillhead Primary.
